

GRIMM TALES

by Nox Arcana

21 Tracks, with a total running time of 1.05.38 min.

Once again, Nox Arcana takes us into another dark and brooding world. Their work is like an audio time machine, taking us to another time, as well as another world. And with this new release, we are guided down into the dark and mysterious world of fables and dark fairy tales. Not the nice and safe ones that have been lobotomized over the years, but the true tales that were meant to give children nightmares, in hopes of teaching them to beware of what is out there waiting for them in the world.

As always, Nox Arcana does an exceptional job creating these incredible audio backdrops for the themes they have chosen. There's no better way to get into the mood than to play one of their CDs and to have their wicked spell cast over you.
